

Workshop Tool List

Essential items

- Clothes you can comfortably and safely work all day in
- Safety glasses, safety gear
- Earplugs or hearing protection
- Steel-toe work boots, hard toe closed toed shoes
- Work gloves

Items that would be very useful if you have them!

- Tape measure (25-35')
- Utility knife with extra blades
- Tool bag or box (just something to contain your things)
- Nail apron/tool belt (something to hold your things while you are walking around)
- Timber framing chisel (sharp, 1.5")
- Wooden or leatherhead mallet (2-3 lb.)
- Framing square
- Combination square
- Pencils & eraser
- Chalk or ink line
- Calculator
- Hardhat – if you have one
- Sharp hand saw, push or pull type
- Notebook

Optional

- Low angle block plane (sharp)

- Bevel gauge
- Framing hammer
- Sharpening stones
- Quick clamps
- Circular saws (71/2" or 81/4")
- Sawhorses
- Additional timber framing power tools (mortisers, saws, etc)

Please let the instructor team know if you plan to bring any sawhorses or power tools that may be useful for the project.

Personal Items

- All camping gear if camping
- Reusable dishes and silverware
- Water bottle
- Folding or camp chair
- Sun hat
- Sunscreen
- Rain gear
